Check

Use the Message Filtering button below to hide/show particular messages, and to see total counts of errors and warnings.

Message Filtering

1. **Warning** The `type` attribute is unnecessary for JavaScript resources.

[From line 35, column 5; to line 35, column 35](#)

```
.css>... <script type="text/javascript">...
```

2. **Error** The element `a` must not appear as a descendant of the `button` element.

[From line 150, column 17; to line 150, column 74](#)

```
<a href="/news/1" class="text-decoration-none text-white">...
```

3. **Error** Element `sidebar` not allowed as child of element `div` in this context. (Suppressing further errors from this subtree.)

[From line 176, column 9; to line 176, column 52](#)

```
>... <sidebar class="hidden-md-down col-lg-auto">...
```

Content model for element [div](#):

If the element is a child of a [dl](#) element: one or more [dt](#) elements followed by one or more [dd](#) elements, optionally intermixed with [script-supporting elements](#).

If the element is not a child of a [dl](#) element: [flow content](#).

4. **Error** The element `button` must not appear as a descendant of the `a` element.

[From line 183, column 17; to line 183, column 54](#)

```
<button class="card-title text-white">
```
